## Background

Chainconnect aims to solve 3 problems faced by people in the cryptocurrency space; these are problems everyone in the blockchain and crypto currency space face daily.

No 1. Is the lack of trust between cryptocurrency investors and cryptocurrency investment companies, there has been numerous cryptocurrency investment platforms that has failed their potential investors and shut down their platforms for no reason without refunding their investors funds. Chainconnect has developed a simple to use but complex mathematical algorithm to trade and manage cryptocurrency investments independently without having access to funds in your exchange account using the Application Programming Interface (API).

No 2. Decentralized app (dapp) developers and customers face similar problems of not knowing where and how to go about their business, for the developer it's always difficult to reach out to a large number of customers to buy their dapps and for the customers, they don't know where to get a good dapp for their services, this is where chainconnect comes in, we connect decentralized app developers to a large community of customers and ensure that the customers gets the kind of decentralized app paid for without the fear of being scammed.

No 3. Recently some banks in the United States and Europe has band their customers from using their banks cards to buy crypto currencies on exchanges, this negatively has affected the price of Bitcoin and other altcoins. Chainconnect's Core Exchange is a peer 2 peer exchange designed to take away the buying and selling of crypto currencies from all third party systems and into the hands of the crypto buyers and sellers themselves by providing a secure Escrow service between both parties.

## **What is Chainconnect**

Chainconnect is a Decentralized Ecosystem for Automated Crypto asset trading, Decentralized app (dapp) sales and a peer to peer Crypto/Fiat currency Exchange. Chainconnect's automated Artificial intelligence trading system (Core AI) independently trades and manages investor's crypto assets on different exchange accounts using the exchange's Application Programming Interface (API). Core Marketplace is a decentralized marketplace that connects decentralized app (dapp) developers and customers to buy and sell trusted decentralized applications. And Core Exchange is a secure peer 2 peer escrow service for crypto/fiat currency exchange between crypto buyers and seller, We provide a secure escrow service for both parties.

## What is Core AI

Core AI is a self evolving, auto scaling, Mathematical program designed to analyze crypto currencies on different exchanges, **Core AI** collects, stores and processes huge volumes of market data of the 100 most volatile crypto currencies on Coin Market Cap and **Trades** them on different exchanges using the Application Programming Interface (API).

**Core AI's** architecture is designed with AWS Elastic BeansTalk, AWS LEX, AWS Apache MXNet, Python, Java, AWS Kenesis, Solidity, Redshift, CodeStar, X-Ray, Cloud9 Antenna, Cloudsearch, AWS Application Programming Interface Gateways, on AWS S3 servers (**Cloud Auto Scaling**) located in **Ireland** with a Very High processing speed of up to 4TB/Hour which enables **Core AI** to process data 3 times faster than the **Goldman Sachs** Automated stock Trading system.

# CORE AI ANALYTIC MEMORY

## Core Marketplace

Core Marketplace is a decentralized digital marketplace, where buyers and sellers meet to exchange digital decentralized apps and services, the marketplace will provide the technical infrastructure for decentralized app download, decentralized app license sales, troubleshooting, automated trading decentralized apps from third party developers the latest version of **Core AI** and a range of trading decentralized apps for different exchanges.

Decentralized app developers can now access a larger number of potential customers; All 3rd party trading systems are tested by **Core Laboratories** before being listed on the marketplace

Core Token is the utility token for the buying and selling of all automated trading systems that will be listed on the marketplace. Core token is a security/utility token and holds a 70% share of profit generated by the Chainconnect ecosystem which will be shared amongst token holders every 30 Days.

## Core Exchange

Core Exchange is a peer 2 peer exchange designed to connect crypto currency buyers and sellers in one place to lower transaction fees for sellers and eliminate withdrawal charges for buyers, Core Exchange will feature the 100 most traded crypto currencies by volume on coinmarketcap to be exchanged between buyers and sellers, Core Exchange will provide a secure Escrow service between both parties in every transaction which will attract a 0.5% escrow fee paid by the seller, so the buyer gets the full amount of crypto currency he/she paid for minus the network or gas fee for transferring their crypto to their personal wallet. The 0.5% escrow fee from each transaction will be converted to core tokens and 70% of the revenue will be shared amongst core token holders every 30 days.

# HOW CORE EXCHANGE WORKS

## Chainconnect Investments

The Chainconnect ecosystem offers **two** investment solutions for token holders and crypto currency traders.

The most profitable investment solution for a crypto currency trader is using Core AI to trade and manage their crypto assets on exchanges; the key value of this product is that you do not transfer your funds to our account to trade for you. Core AI is designed to help trade and manage your funds independently using our system on your account. The access to this product will be restricted to license holders, a limited number licenses will be available for sale in the marketplace every 3 months.

The second investment solution is being a core token holder by participating in our initial coin offering and become a strategic partner and earn monthly dividend from transactional fees generated in the chainconnect ecosystem.

## **Core Token Information**

Core Token is a Security/Utility token for the Chainconnect ecosystem and will be used as the only crypto currency for all products and services in the Chainconnect Ecosystem and for payment of monthly dividend to crowdsale token holders.

Core Token is an Ethereum based token. This accelerates all the transactions in the chainconnect ecosystem, minimizing risk, enhancing high security and storage of all transactional records.

Name: **Core Token**

Symbol: **COT**

Blockchain: **ETHEREUM (ERC20)**

Decimal: **8**

Compatible Wallets: **MEW, Ledger Nano, imToken and all ERC20 Wallets.**

## Crowdsale Terms

The Core Token crowdsale is to expand our already developed infrastructure and make our investment products and services available to people all around the world. By buying **Core token** during the crowd Sale, you automatically become our partner and will have access to all investment products and services of the Chainconnect Ecosystem. After the Token Sale, **Core token** will be listed in different cryptocurrency exchanges and you will be able to exchange Core tokens for other cryptocurrencies if you no longer want to have access to Core AI and other services of the Chainconnect Ecosystem.

The supply of Core tokens are limited, so for a fair and unbiased distribution of Core Tokens to investors; our crowdsale is arranged into 4 rounds, which will last for 30 Days, starting with Round 1 immediately followed by Round 2 and so on.

# Token Supply

<b>ROUND 1</b> 40,000,000 COT	<b>AIRDROP SUPPLY</b> 40,000,000 COT
<b>ROUND 2</b> 40,000,000 COT	<b>RESERVED</b> 40,000,000 COT
<b>ROUND 3</b> 40,000,000 COT	<b>CROWDSALE SUPPLY</b> 160,000,000 COT
<b>ROUND 4</b> 40,000,000 COT	<b>TOTAL SUPPLY</b> 240,000,000 COT

## Core Token Distribution

## Use Of Proceeds

## Legal Disclaimer

This sale of tokens event (Token Sale Agreement) is governed by Swiss laws. By purchasing tokens, you represent that you have the necessary legal capacity and authority to enter into a binding legal agreement and that you have fully read and understood and agreed to all terms and conditions stated on the website, as well as to the Chainconnect White Paper. If you do not agree with any of the provisions stated therein, you must not purchase tokens.

As the Sale Event is conducted electronically, any Participant can take part in it, provided that he is, at least, 18 years old (or over, as required by the laws that may be applicable to each Participant) and that he has the necessary capacity to enter into a binding agreement in order to purchase tokens from this website.

It is each participant's duty to comply with all applicable laws of participant's jurisdiction, including but not limited to cryptocurrency regulations, tax and contracts laws. Chainconnect operates under Switzerland laws and holds no responsibility for your conduct, and will not withhold any taxes for you.

We advise that only those participants with the necessary and relevant experience and knowledge to deal with cryptographic tokens, cryptocurrencies and/or blockchain-

based systems participate in this sale of tokens. You are nevertheless advised to seek an independent legal counsel prior to signing the “token sale agreement”.

Participants understand that all sales will be final and not refund or redeemed unless expressly stated in the Token Sale Agreement.

You understand and agree that Core security Token, is not listed, authorized, issued or traded on any regulated market. Notwithstanding the above, you understand and agree that it is your responsibility to ensure that you comply with the applicable laws regarding the purchase of tokens in your jurisdiction. Moreover, you represent that you are aware of all the merits, risks and any restrictions associated with cryptographic tokens (particularly, with their purchase and use), cryptocurrencies and blockchain-based systems. In this sense, you expressly acknowledge and understand that tokens, cryptocurrency, blockchain technology, and other associated and related technologies, are new and that they are outside of Chainconnect Ecosystem's control.

You understand and agree that nothing here constitutes legal advice and/or a recommendation or endorsement as to fitness of purpose. All prospective purchasers should seek professional advice that is relative to the level of their purchase.

Please remember that trading by its very nature is volatile in terms of buying, selling, holding, losses and gains. There are a few common sense rules:

- Never buy more than you can afford to lose
- Buy from a reputable source
- Be aware of the idiosyncrasies of exchanges
- Be aware of scammers. There are several pitfalls:

Scammers may try to launch DAOs on their own behalf. Please send Ether only to the official addresses, as announced on the Chainconnect website or Official Telegram and Twitter Channels.

The token sale will last 31 days starting 15th June till 15th July 2018.
